TRINITY COLLEGE

HARTFORD CONNECTICUT

1897-98

The present catalogue shows but few changes from the revised courses of study which went into operation in 1895. Attention may be called to the requirement of studies in the first (or Sophomore) year in the Course in Science, corresponding to the requirement of studies in the first year of the other courses. By reference to the list of Voluntary Studies given on a later page, it will be seen that students desiring instruction in Art have the opportunity of becoming members of the Connecticut League of Art Students, and that, by the courtesy of the Executive Committee of the Hartford Hospital, students making due application are admitted to the courses of lectures delivered before the Training School for Nurses.

During the past year, information has been received of a legacy of \$2,000 from Mrs. Flavius A. Brown, of Hartford, for the endowment of a prize in English. The Pardee and the Lake scholarships have been founded by legacies mentioned in the last catalogue; the Frank W. Whitlock prizes have been awarded for the first time; and the special prizes offered by the Rev. George William Douglas, D.D., of the class of 1871, the Rev. Alexander Mackay-Smith, D.D., of the class of 1872, and Miss Mary Rhineland King, of Great Neck, N. Y., have been continued. Contributions have also been made for scholarship funds from Alumni and others. A course of public lectures was given in the winter, as in former years; and on the occasion of the annual meeting of the American Society of Mechanical Engineers in Hartford, a reception was given by the College in Alumni Hall to the members of the Society and their friends.

In November, 1895, action was taken by the Hartford Board of Trade looking to the establishment of a Technical School to be

associated with the College. The Trustees of the College have assented to the proposal, and have taken concurrent action. The Trustees have also voted that they will "gladly co-operate in the establishment of Colleges in the city of Hartford in connection with Trinity College under university government."

Among the more urgent needs of the College are a Chapel, a Library, and a building for the use of the Department of Natural History (for which a fund has already been begun by the Alumni). A gift of \$2,500 will found a scholarship covering the charges for tuition; and a gift of \$5,000 will found a scholarship which will make provision for the full amount of the Treasurer's bills. It should not be forgotten that funds, the interest of which can be used at the discretion of the Trustees, are very useful in advancing the work and continuing the prosperity of the College.

The legal title of the College, to be used in framing bequests and in other formal documents, is "The Trustees of Trinity College."

THE CHARTER of Washington College was granted in 1823 by the General Assembly of the State of Connecticut; and by vote of the Trustees, in consequence of the liberal gifts of citizens of Hartford, the College was located in that city. The work of instruction was begun in 1824. In 1845, on petition of the Alumni and the Corporation, the name of the College was changed to TRINITY COLLEGE; and the Alumni, who had formed a voluntary Association in 1831, were organized into a constituent part of the Academic body. In 1883 the charter was so amended as to provide for the election of three of the Trustees by the Alumni.

The College campus having been sold in 1872 to the city of Hartford as a site for the State Capitol, a new site of about eighty acres was purchased; and ground was broken in 1875 for the new buildings, which were occupied in 1878. Five years later the west side of the great quadrangle, more than six hundred feet in length, was completed by the erection of the central building, which, after the name of its donor, is called Northam Towers. On the campus facing the buildings stands the bronze statue of Bishop Brownell, Founder and first President of the College, which was presented by Gordon W. Burnham, Esq., of New York, in 1867. The St. John Observatory was built in 1883, and the President's house in 1885. The Gymnasium and Alumni Hall, erected by the generosity of Junius S. Morgan, Esq., of London, and others, was completed in 1887; and the building called the Jarvis Laboratories, the gift of George A. Jarvis, Esq., of Brooklyn, N. Y., was completed in 1888.

Five professorships have been wholly or partially endowed: the Hobart Professorship, founded in 1834 by gifts from the corporation of Trinity Church, New York, the Messrs. Warren, of Troy, and other donors for the most part resident in the State of New York; the Seabury Professorship, founded in 1837 by the legacy of Nathan Warren, Esq., of Troy, N. Y., and by other subscriptions; the Scovill Professorship, founded in 1854 by Messrs. J. M. L. Scovill and William H. Scovill, of Waterbury, Conn.; the Brownell Professorship, founded in 1856 by the legacy of Mrs. Sarah Gregor, of Norwalk, Conn.; and the Northam Professorship, founded in 1882 by the legacy of Charles H. Northam, Esq., of Hartford.

The names of other benefactors who have founded scholarships or established special funds are given on later pages of this catalogue. The College has also at different times received liberal gifts for the Academic funds, of which the largest have been those from the legacies of Chester Adams, Esq., of Hartford, in 1871, of Charles H. Northam, Esq., in 1882, of Stephen M. Buckingham, Esq., of Poughkeepsie, N. Y., in 1887, and of George A. Jarvis, Esq., in 1893. The largest gifts to the building funds, besides those already mentioned, have been from the legacies of the Rev. Dr. Wheaton, ex-President of the College, in 1862, and of Mrs. Charles H. Northam in 1884.

The College has no preparatory department or professional school for graduates, but its purpose is to afford the opportunity for obtaining a liberal education. The requirements for admission and the course of instruction for degrees in the Arts have always been practically the same as in the other New England colleges; and the College has from the first made provision for the admission of students in special courses.

Copies of catalogues and examination papers, and information concerning the courses of instruction, scholarships, etc., can be obtained from the President or from the Secretary of the Faculty.

A new edition of the Quinquennial Catalogue of Officers and Graduates of the College from its foundation was published in 1895. It is urgently requested that any person who can furnish a memorandum of any error or omission in this Catalogue or in the list of addresses of the Alumni will send it to the Professor of Latin.

COURSES OF INSTRUCTION AND DEGREES

The College offers four Courses of Instruction, viz. :

- I. A COURSE IN ARTS
- II. A COURSE IN LETTERS AND SCIENCE
- III. A COURSE IN SCIENCE
- IV. A COURSE IN LETTERS

The courses extend over four years, with the exception of the Course in Science, which is completed in three years.

Students completing the Course in Arts receive the degree of Bachelor of Arts. Students completing the Course in Letters and Science or the Course in Science receive the degree of Bachelor of Science. Students completing the Course in Letters receive the degree of Bachelor of Letters.

Students who do not propose to pursue all the studies of any of the regular courses are permitted, under the name of Special Students, to recite with any class in such studies as upon examination they are found qualified to pursue. They are subject to the same rules and enjoy the same privileges as other students ; and, upon honorable dismissal, they are entitled to a certificate from the President, stating the studies which they have pursued during their residence in the College.

The degree of Master of Arts will be conferred upon Bachelors of Arts of three years' standing who shall by examination or otherwise satisfy the Faculty that they have successfully pursued a course of study equivalent to the work of one academic year. Candidates for this degree desiring to be examined by the Faculty must make application before the first day of May. Candidates desiring to offer certificates of examinations passed elsewhere, in place of an examination by the Faculty, are required to present such certificates before the fifteenth day of June. Communications concerning courses of study and examinations for the Master's degree should be addressed to the Professor of Greek. The diploma-fee of five dollars should be sent to the Treasurer of the College before Commencement-week.

REQUIREMENTS FOR ADMISSION

Candidates for admission to the Freshman Class are examined in the following studies :

I. COURSE IN ARTS

GREEK

Grammar (Hadley or Goodwin)

Xenophon : *Anabasis*, four Books

Homer : *Iliad*, three Books, with Prosody

Prose Composition : Translation into Greek of a passage requiring a knowledge of the common words and idioms of the first four books of the *Anabasis*

History of Greece

The translation of average passages, not previously read, from Xenophon and Homer, will be accepted as an alternative to the above mentioned quantities in these authors.

LATIN

Grammar

Caesar : *Galic War*, four Books

Virgil : *Aeneid*, six Books, with Prosody

Cicero : The Orations against Catiline and that for the Poet Archias

Prose Composition : Translation into Latin of a passage of connected English narrative, based upon some passage in Caesar's *Galic War*

Roman History : Outlines, to the death of Marcus Aurelius

Ancient Geography

Candidates are also examined at sight upon average passages from Caesar's works and Cicero's Orations and from Virgil's *Aeneid* and Ovid's *Metamorphoses*.

MATHEMATICS

Algebra, through Radicals and Quadratic Equations, together with Proportion, Progression, and the Binomial Theorem

Plane Geometry

ENGLISH

Each candidate is required to write a short English composition, correct in spelling, punctuation, grammar, division by paragraphs, and expression, upon a subject announced at the time of the examination. In 1898 the subject will be chosen from the following works : Shakspeare's *Merchant of Venice* and *Julius Caesar* ; Goldsmith's *Deserted Village* ; Scott's *Marmion* ; Longfellow's *Courtship of Miles Standish* ; Burke's *Speech on Conciliation with America* ; Macaulay's *Life of Samuel Johnson* ; Defoe's *History of the Plague in London* ; Hawthorne's *Twice Told Tales* ; Thackeray's *The Newcomes* ; George Eliot's *Silas Marner*.

REQUIREMENTS FOR ADMISSION

Each candidate will also be required to criticise specimens of English composition.

NOTE.—The works from which the subject of the composition will be chosen in the following years are :

In 1899 ; Shakspeare's *Merchant of Venice* and *Twelfth Night* ; Goldsmith's *Deserted Village* ; Scott's *Lady of the Lake* ; Longfellow's *Courtship of Miles Standish* ; The *Sir Roger de Coverley Papers* in the *Spectator* ; Burke's *Speech on Conciliation with America* ; Macaulay's *Essay on Lord Clive* ; Scott's *Old Mortality* ; Hawthorne's *House of the Seven Gables* ; Thackeray's *The Newcomes*.

In 1900 ; Shakspeare's *Merchant of Venice* and *Midsummer Night's Dream* ; Goldsmith's *Deserted Village* ; Scott's *Lady of the Lake* ; Longfellow's *Courtship of Miles Standish* ; The *Sir Roger de Coverley Papers* in the *Spectator* ; Macaulay's *Essay on Addison* ; Webster's *First Bunker-Hill Oration* ; Scott's *Quentin Durward* ; Hawthorne's *House of the Seven Gables* ; Thackeray's *The Newcomes*.

II. COURSE IN LETTERS AND SCIENCE

LATIN

Grammar

Caesar : Gallic War, four Books

Virgil : Aeneid, six Books, with Prosody

Cicero : The Orations against Catiline and that for the Poet Archias

Prose Composition : Translation into Latin of a passage of connected English narrative, based upon some passage in Caesar's Gallic War

Roman History : Outlines, to the death of Marcus Aurelius

Ancient Geography

MATHEMATICS

Algebra, through Radicals and Quadratic Equations, together with Proportion, Progressions, and the Binomial Theorem

Plane Geometry

ENGLISH

English Composition, as for the course in Arts (See previous page)

MODERN LANGUAGES

Elementary French or German (See next page)

III. COURSE IN SCIENCE

MATHEMATICS

Algebra, to the Theory of Equations

Plane and Solid Geometry

Plane Trigonometry

REQUIREMENTS FOR ADMISSION

LATIN

Six books of Caesar's Gallic War (or three books of Caesar and three books of Virgil's Aeneid) together with Latin Grammar and the elements of Latin Composition

ENGLISH AND MODERN LANGUAGES

English Composition, as for the Course in Arts (See page 27)

Johnson's *English Words*

Elementary French or German (See below)

HISTORY

Johnston's or Scudder's History of the United States

BIOLOGY

Elementary Biology [If not passed at admission, this must be taken as an extra course (see below, course 51) in the first year.]

IV. COURSE IN LETTERS

The requirements for admission include Latin, Mathematics, and English as for the Course in Arts (see page 27), and also Elementary French or German (see below).

REQUIREMENTS FOR ADMISSION IN THE MODERN LANGUAGES

Candidates for admission to the Course in Letters and Science, the Course in Science, or the Course in Letters, are examined in either French or German, at their option, as follows :

FRENCH

- (1) Grammar, including Syntax
- (2) One hundred 12mo pages of prose, to be selected by the candidate
- (3) Pronunciation, simple dictation, and composition

GERMAN

- (1) Grammar, including Syntax
- (2) Fifty 12mo pages of prose or poetry, to be selected by the candidate
- (3) Pronunciation, simple dictation, and composition, with German script

Sight reading will be accepted as an equivalent for No. 2 of the above in either language.

REQUIREMENTS FOR ADMISSION

Candidates for the Course in Arts may take the examination in either French or German; and all candidates for any Course who satisfy the requirements for admission in either language will be assigned more advanced work in that language. (See Courses of Instruction.)

Candidates for admission to the Freshman Class, presenting certificates from certain schools which have courses of instruction approved by the Faculty, are admitted without examination on the studies covered by the certificates.

EXAMINATIONS FOR ADMISSION

Two Examinations for Admission are held at the College in each year: the first at the end of June, in Commencement-week; and the second in September, immediately before the beginning of Christmas Term.

In 1898 the order of examinations will be as follows:

JUNE	SEPTEMBER
Monday June 27th	Tuesday September 20th
2 P.M. Greek; Modern Languages	8½ A.M. Latin; U. S. History
Tuesday June 28th	2 P.M. Algebra and Trigonometry
8½ A.M. Algebra and Trigonometry	Wednesday September 21st
2 P.M. Latin; U. S. History	8½ A.M. Greek; Modern Languages
Wednesday June 29th	2 P.M. Geometry; Biology
8½ A.M. Geometry; Biology	Thursday September 22d
2 P.M. English	8½ A.M. English

Candidates are required to present themselves at the hours appointed for the beginning of the examinations.

Examinations for admission will also be held on the specified days of June in New York, Philadelphia, Pittsburgh, Chicago, and San Francisco, and in other places, due notice of which will be given.

No candidate can be admitted to the College before he has completed his fifteenth year.

Candidates are allowed to divide the examinations and to pass a portion of the requirements a year before they propose to enter, except that no candidate is examined in advance on the whole of the requirement in any department. Applicants for admission to any of the higher classes must sustain, besides the examination for admission to the College, a further examination on the studies already pursued by the class which they propose to enter.

All candidates for admission must bring testimonials of good moral character; and those who are from other Colleges must produce certificates of dismissal in good standing. These testimonials and certificates should be presented at the time of the examinations.

SCHEMES OF STUDY IN THE FOUR COURSES

The following schedules show the required studies of the several years, and the elective courses offered in the different departments.

The Freshmen in all courses, and the Sophomores in the course in Science, are assigned fifteen or sixteen hours of attendance upon prescribed studies, a choice being allowed between French and German. The Sophomores in other courses are assigned three or four hours of work, and they elect four courses of three hours each from those which are offered, under conditions which differ in the several courses. The required work of the Juniors and the Seniors is three hours a week, besides Themes, and they choose electives for at least twelve hours; each course as given below, except the elementary course in Drawing, being reckoned as three hours.

The arrangement of the hours of attendance sometimes places limits to the choice of electives; but within these limits the students may choose from the elective courses such as they desire, subject to the approval of the Faculty. Students are required to signify their choice of electives for any year before the close of the preceding year.

Students are allowed to pass from one course to another at the beginning of any year, provided they have satisfied all former examinations.

In addition to the studies enumerated, the first recitation on Monday morning throughout the College course is devoted to religious studies. These comprise the following subjects: The New Testament in Greek; Old and New Testament History and Biblical Literature; Ecclesiastical History; Natural Theology; the Foundations of Religious Belief; and the Evidences of Christianity.

COURSES OF STUDY

Candidates for the degree in Arts are required to take before graduation at least one course in either Greek or Latin in addition to the work of Freshman year, and at least one course in Chemistry, Natural History, or Physics.

Candidates for the degree in Science are required to take two courses in either French or German, and six courses from those offered in Chemistry, Mathematics, Natural History, and Physics.

Candidates for the degree in Letters are required to take two three-hour courses in English, two in French, and two in German.

The following is the course of study in the several years :

FRESHMAN YEAR

I. COURSE IN ARTS

English (1 hour a week). English words (Johnson). Rhetoric (Hill, new edition).

French or German (3 hours). See pages 36, 37.

Greek (4 hours). Xenophon: Memorabilia. Homer: Odyssey. Herodotus. History. History of Literature. Greek Composition: oral and written exercises.

Latin (4 hours). Cicero: De Senectute. Livy: Book I or V. Catullus. Horace: Odes. Pliny: Epistles (extempore translation). Latin Composition from idiomatic English.

Mathematics (4 hours). Algebra: Undetermined Coefficients, Series, Determinants, Logarithms, Theory of Equations. Solid Geometry. Plane Trigonometry.

II. COURSE IN LETTERS AND SCIENCE AND COURSE IN LETTERS

English, French or German, Latin, and Mathematics, as in the Course in Arts.

Natural History (3 hours a week). Elementary Biology and Zoölogy.

SOPHOMORE YEAR

I. COURSE IN ARTS

English (3 hours a week). Rhetoric. History of English Literature (Pancoast). Lectures.

Four other courses (each three hours a week), from the following studies, one at least to be taken from each group (see following pages) :

A. *French, German, Greek, Latin.*

B. *Chemistry, Mathematics, Physics.*

COURSES OF STUDY

II. COURSE IN LETTERS AND SCIENCE

Drawing (1 hour a week).

English (3 hours), as in the Course in Arts.

Four other courses (each three hours a week), from the following studies, one at least to be taken from each group (see following pages):

A. *French, German, Latin.*

B. *Chemistry, Mathematics, Natural History, Physics.*

III. COURSE IN SCIENCE

Drawing (1 hour a week).

English (3 hours), as in the Course in Arts.

French or German (3 hours). See pages 36, 37.

Mathematics (3 hours). Course 14; see page 35.

Physics (3 hours). Course 38; see page 37.

Chemistry (3 hours). Course 42; see page 38.

Also, *Elementary Biology* (3 hours), if not passed at admission.

IV. COURSE IN LETTERS

The same as in the Course in Letters and Science, omitting *Drawing*.

JUNIOR YEAR

ALL COURSES

English. Themes.

Political Economy (3 hours a week, first term). Elements of Political Economy.

Ethics (3 hours a week, second term). Wayland and Whewell.

Elective Studies (12 hours). See following pages.

SENIOR YEAR

ALL COURSES

English. Themes.

Metaphysics (3 hours a week). Hamilton's *Metaphysics* (Bowen). Psychology, Logic, Ontology. History of Philosophy.

Elective Studies (12 hours). See following pages.

ELECTIVE AND ALTERNATIVE COURSES

NOTE.—Each course, unless otherwise specified, extends throughout the year.

I. MENTAL SCIENCE

2 *Anthropology*. Outline Study of Man (Hopkins). Taylor's *Anthropology*. Lectures. (Open to Juniors and Seniors.)

II. ETHICS

4 Selections from Whewell and Butler. (Open to Seniors.)

III. LATIN

7 Tacitus: *Germania* and *Agricola*. Suetonius. Horace: *Satires*. Selections from Tibullus and Propertius. Extempore translation. *History of Roman Literature*. (Open to Sophomores.)

8 Cicero: *Brutus* or *De Officiis*. Juvenal: *Satires*. Lucan: selections from the *Pharsalia*. Martial (extempore translation). (Open to Juniors and Seniors, 1897-98.)

8a Tacitus: selections from the *Annals*. *History of the Early Empire*. Horace: *Epistles*. Lucretius: selections from *De Natura Rerum*. Ovid: *Fasts* (extempore translation). (Open to Juniors and Seniors, 1898-99.)

9 First term: Studies in Latin Grammar, based in part on the reading of Cicero's *Letters*. Writing Latin. Second term: Patristic and Juristic Latin: Tertullian, Cyprian, Augustine; *Institutes of Justinian*. Or, Early Latin and Inscriptions; Writing Latin. (Open to Seniors; may be substituted in either term for Course 8.)

IV. GREEK

10 Lysias. Euripides: *The Bacchantes*. *History of the Drama*, with *Antiquities of the Theatre*. Plato: *Apology*. Xenophon: *Hellenica* (read at sight). *Athenian Institutions*. *History of Literature*. (Open to Sophomores.)

11 Demosthenes: *Popular Orations*. Selections from the *Homeric Hymns*. Plutarch. Exercises in reading at sight and making sentences. (Open to Juniors and Seniors, 1897-98.)

11a Plato: *Phaedo*. Aristophanes: *The Clouds*. Sophocles: *Antigone*. Exercises in reading at sight and making sentences. (Open to Juniors and Seniors, 1898-99.)

12 Exegesis of the Acts of the Apostles and the Epistles to Timothy and Titus. (Open to Seniors.)

V. MATHEMATICS AND ASTRONOMY

14 Analytical Geometry and Spherical Trigonometry. (Open to Sophomores, Juniors, and Seniors.)

15 Differential and Integral Calculus. (Open to those who have taken Course 14.)

16 Integral Calculus and Differential Equations. (Open to those who have taken Course 15.)

ELECTIVE AND ALTERNATIVE COURSES

17 Astronomy, first term : Astronomy or Surveying (at the option of the student), second term. (Open to those who have taken Course 14. In place of the work assigned to the second term in this course may be substituted the Geology of Course 52.)

VI. HISTORY

18 Outlines of General European History from the Fourth Century to the present day. (Open to Juniors and Seniors.)

19 History of Constitutional Government in England and America. (Open to Juniors and Seniors, 1897-98.)

20 History of England since the Revolution of 1688, and of France since the end of the War of Religion. (Open to Juniors and Seniors, 1898-99)

21 American History : First term, Colonial History to 1763 ; Second term, History of the American Revolution and of the United States. (Open to Juniors and Seniors.)

VII. ECONOMICS AND POLITICAL SCIENCE

22 Finance and Banking, Taxation. Social Problems. (Open to Seniors.)

23 History of Economic Theory. (Open to Seniors.)

24 Nature and Forms of Government in general, with particular examination of existing Governments. (Open to Juniors and Seniors.)

VIII. ENGLISH

26 Lectures on the Forms of Verse, on Literary Criticism, and on Representative Modern Poets. (Open to Juniors and Seniors.)

27 Shakspeare : critical reading of the Plays and the Sonnets. Text-books : Dowden's Shakspeare Primer and Barrett Wendell's William Shakspeare. (Open to Juniors and Seniors.)

NOTE.—In Courses 26 and 27, the studies of the second term may be interchanged.

IX. FRENCH

28 *Elementary Course*. Grammar. Reader (Whitney). Les Petits Oiseaux (Labiche). Composition and Dictation. (Open to all classes.)

29 Les Misérables (V. Hugo : ed. Sumichrast). Le Malade Imaginaire (Molière ; ed. Macmillan & Co.). La France (De Rougemont ; ed. Writers' Pub. Co.). Le Cid (Cornelle ; ed. Delbos). Dictation and Composition. (Open in 1897-98 to those who have taken Course 28 or its equivalent.)

30 Le Roi des Montagnes (About). Athalie (Racine). Les Femmes Savantes (Molière). La Révolution d'Angleterre (Guizot ; ed. Eve). Dictation and Composition. (Open in 1898-99 to those who have taken Course 28 or 29.)

ELECTIVE AND ALTERNATIVE COURSES

31 *Origines de la France Contemporaine* (Taine; ed. Edgren). *Old French*: *Grammaire élémentaire de la vieille Langue française* (Clédât). *Chanson de Roland* (G. Paris; L. Clédât). *Historical French Grammar* (Brachet-Toynbee). *Chrestomathie du Moyen Âge* (Clédât). *La Littérature française au Moyen Âge* (G. Paris). (Open to those who have taken three years' French.)

X. GERMAN

32 *Elementary Course*. Grammar (Cook's Otto). Eigensinn (Benedix). Einer muss heirathen (Wilhelmi). Dictation and Composition. (Open to all classes.)

33 Der zerbrochene Krug (Zschokke; ed. Faust). Poems (Heine; ed. White). Doktor Wespe (Benedix; ed. Holt & Co.). Wilhelm Tell (Schiller; ed. Whitney). Dictation and Composition. (Open in 1897-98 to those who have taken Course 32 or its equivalent.)

34 Das Spielmannskind (Riehl). Das Lied von der Glocke (Schiller; Holt & Co.). Geier Wally (W. v. Hillern). Dictation and Composition. (Open in 1898-99 to those who have taken Course 32 or 33.)

35 Frau Sorge (Sudermann; Cotta, Stuttgart). Nathan der Weise (Lessing; Heath & Co.). Wallenstein: die Piccolomini (Schiller; Macmillan & Co.). Der Trompeter von Säckingen (Scheffel; Heath & Co.). Wissenschaftliche Vorträge (Du Bois-Reymond; Ginn & Co.). (Open to those who have taken at least two years' German.)

XI. ITALIAN

36 *First Year*. Grammar (Grandgent). L'Oro e l'Orpello (Del Testa). Alberto (De Amicis). (For 1898-99 and alternate years.)

36a *Second Year*. Cuore (de Amicis). Fiori della Poesia Italiana (Michaelis). Selections from the Inferno (Dante; Clarendon Press). (For 1897-98 and alternate years.)

XII. SPANISH

37 *First Year*. Grammar (Knapp). Spanish readings (Knapp). (For 1897-98 and alternate years.)

37a *Second Year*. Amparo (Escrich). Conflicto entre dos deberes (Echegaray). Extracts from El Cuarto Poder (Valdés). (For 1898-99 and alternate years.)

XIII. PHYSICS

38 *Elementary Mechanics*; the physical properties of Solids, Liquids, and Gases; Sound and Heat (2 hours lectures or recitations and 2 hours laboratory work). (Open to all students.)

39 Light and Electricity and Magnetism (1 hour lecture and 4 hours laboratory work). (Open to those who have completed Course 38.)

ELECTIVE AND ALTERNATIVE COURSES

39a Advanced measurements in Physics (6 hours laboratory work). (Open to those who have completed Course 39.)

40 Theoretical Mechanics and the theory of Light (1 hour lecture and 4 hours laboratory work). (Open to those who have completed Course 39 and the first Course in the Calculus.)

41 Heat, with special reference to the properties of Steam and the theory of the Steam-engine; Electricity, with special reference to its generation and applications (1 hour lecture and 4 hours laboratory work). (Open to those who have completed Course 39 and the first Course in the Calculus.)

XIV. CHEMISTRY

42 General Experimental Chemistry (2 hours lectures and 4 hours laboratory work). (Open to all students.)

43 Qualitative Analysis (1 hour lecture and 5 hours laboratory work). (Open to those who have taken Course 42.)

44 Quantitative Analysis: Volumetric (6 hours laboratory work). (Open to those who have taken Course 43.)

45 Quantitative Analysis: Gravimetric (6 hours laboratory work). (Open to those who have taken Course 44.)

46 Organic Chemistry (1 hour lecture and 5 hours laboratory work). (Open to those who have taken Course 43.)

NOTE.—A part of the time assigned to Course 43, 44, or 45 may be given to work in Determinative Mineralogy.

XV. HEBREW

47 Grammar (Davidson). Genesis. (Open to Juniors and Seniors)

48 Selections from the Historical Books, the Psalms, and the Prophets. (Open to those who have taken Course 47.)

XVI. SANSKRIT

49 Whitney's Grammar. Perry's Primer. Lanman's Reader. (Open to Juniors and Seniors. This course is designed not only for those intending later to pursue more advanced studies in the Indian or Iranian tongues, but also for those interested in the bearing of Sanskrit upon Comparative Philology in general, and especially upon Greek and Latin.)

50 Lanman's Reader. The Rigveda, or a Sanskrit drama. (Open to those who have taken Course 49.)

XVII. NATURAL HISTORY

51 Elementary Biology, first term; Zoölogy, second term. (Open to Juniors and Seniors.)

ELECTIVE AND ALTERNATIVE COURSES

52 Botany, first term; Geology, second term. (Open to Juniors and Seniors.)

53 Advanced Biology. (Open to those who have taken elementary Biology and Zoölogy.)

NOTE.—In courses 51 and 52, the studies assigned to the second term may be interchanged.

DRAWING

54 Elementary course (1 hour a week). (Open to Sophomores, Juniors, and Seniors.)

55 Advanced course (3 hours). (Open to those who have taken Course 54.)

LECTURES

Besides the lectures given by the Professors in the several departments, the following courses of lectures are delivered each year :

By Judge Hamersley : to the Seniors, on the Constitution of the United States

By Dr. Warner : on English Literature

By Dr. Beach : to the Freshmen, on Hygiene

By Dr. Morgan : to the Seniors, on Anatomy and Physiology

By Dr. Bingham : on Italian Literature and Life

VOLUNTARY STUDIES

In addition to the regular courses of instruction, arrangements are made for the following courses of special study. The names of undergraduates pursuing voluntary studies in any term are publicly announced at the end of the term.

Greek

SENIORS AND JUNIORS : Aristotle

SOPHOMORES : Xenophon's Hellenica

FRESHMEN : Homer

Latin

SENIORS: Patristic Latin

JUNIORS: Virgil; Seneca

SOPHOMORES: Livy; Plautus

FRESHMEN: Cicero de Amicitia; Terence

Mathematics

SENIORS AND JUNIORS: Differential and Integral Calculus

SOPHOMORES: Analytic Geometry; Quaternions

FRESHMEN: Higher Algebra; Geometrical Exercises

Metaphysics

SENIORS: Berkeley's Principles of Knowledge (Krauth); McCosh on the Divine Government; Porter's Human Intellect; History of Philosophy

Modern Languages

SOPHOMORES: French: Reading at sight and Conversation

JUNIORS: German: Reading at sight and Conversation

Italian: Reading at sight and Conversation

Oriental Languages

ARABIC: Socin's Grammar and Chrestomathy

SANSKRIT

Elocution

Provision has been made for a voluntary class in voice-training and elocution under the instruction of Professor Pratt.

Medicine

By the courtesy of the Executive Committee of the Hartford Hospital, students making due application are admitted to the courses of lectures delivered before the Training School for Nurses.

Art

Students desiring instruction in Art have the opportunity of becoming members of the Connecticut League of Art Students.

RELIGIOUS SERVICES

The hour of Prayers in the College Chapel on week-days is 8:30 o'clock A.M.

On Sundays all students who reside in College attend Morning Prayer (with Sermon) in the Chapel at 9:15 o'clock. Evening Prayer is said at 5 o'clock, attendance being voluntary. The Holy Communion is administered every Sunday at a voluntary service at 7:45 o'clock, except on the first Sunday of the month, when the celebration is after Morning Prayer.

TERMS AND VACATIONS

The academic year is divided into two equal parts called Christmas Term and Trinity Term. Christmas Term begins about the middle of September and closes about the first of February. Trinity Term begins at the close of the former term and extends to Commencement-day, which is the last Thursday in June. In Christmas Term there is a recess of two or three weeks at Christmas, and in Trinity Term a recess of ten days in the spring.

The seventy-second Commencement falls on Thursday, the 30th day of June, 1898.

MATRICULATION

Matriculation consists in signing, in the presence of the President and Professors, the following promise :

"I promise to observe the Statutes of Trinity College; to obey all its rules and regulations; to discharge faithfully all scholastic duties imposed upon me; and to maintain and defend all the rights, privileges, and immunities of the College, according to my station and degree in the same."

All students are matriculated immediately on their admission to College.

EXAMINATIONS

Examinations are held at the close of each term upon all the studies of that term. These examinations are partly oral and partly written.

Students found deficient in any prescribed course of study are conditioned. Those deficient in any elective or alternative course are required to repeat it or to substitute another course for it, or a partial condition may be assigned. If the deficiencies of a student, after one opportunity has been given to make them up either by examination or by the repetition or substitution of a course, at any time accumulate so that the studies covered are equal to half a term's work, he is dropped and cannot be readmitted into the same class.

No student can pass into Junior year while the work of his Freshman year is incomplete, or into Senior year while the work of his Sophomore year is incomplete. No student having entrance conditions remaining after he has been a member of the College for a year can be ranked as a candidate for a degree.

HONORS

If a student attains in any department throughout a College year an average of nine on a scale of ten in the marks for his recitations, and also an average of nine in the marks for his examinations, it is publicly announced that he has the honor-grade in that department for the year. In case, however, he pursues the studies of a department in any year for one term only, he may obtain the honor-grade for that term on the same conditions.

Honors at graduation are conferred in the following studies or groups of studies: (1) Chemistry, (2) English, (3) Ethics and Metaphysics, (4) French, (5) French and German, (6) German, (7) Greek, (8) Hebrew, (9) History and Economics, (10) Latin, (11) Mathematics, (12) Physics, (13) Sanskrit. In order to be graduated *cum honore* in any of these branches, a student must have attained the honor-grade in all the courses required for honors; but if more than the required number of courses be taken in any study, the honor-grade must be maintained.

The courses required for honors are as follows: In (1) and (12), three courses; in (2) and (3), the prescribed work and one elective course; in (4), (5), and (6), three courses; in (7) and (10), two courses in addition to the work of Freshman year; in (8) and (13), two courses; in (11), three courses in addition to the work of Freshman year; in (9), two courses in addition to the required work in Economics. The elective course in the Greek Testament is not counted for honors.

A list of students attaining the honor-grade in any College year is published in the Catalogue of the following year. The names of the members of each graduating class are printed in the next annual Catalogue in the following order: first, the names of those who have been graduated *cum honore*, with a statement of the branches of study in which they have attained honors; then the names of the others alphabetically.

A student attaining the honor-grade in all his studies throughout the College course is graduated with the title of *OPTIMUS*.

STANDING AND APPOINTMENTS

The standing of a student is reckoned from the beginning of Freshman year, and is determined by his scholarship as shown in recitations and examinations.

At the close of each term a report of the scholarship, attendance, and conduct of each student is transmitted to his parents or guardian.

The aggregate standing attained by each member of a class is published at the end of Junior year and at the end of Senior year. When a student has entered College after the beginning of Freshman year and before the beginning of the second term of Sophomore year, his standing for the term or terms during which he was absent is considered to have the same ratio to the maximum as that which he gains while in residence up to the time of the first publication of his aggregate standing, and, having been once published, is not recomputed. The standing of a student entering later in the course is computed in the same manner, with a deduction of five per cent.

Three appointments to speak at Commencement are based on the aggregate standing at the end of Christmas term in Senior year. The member of the class having the highest standing is appointed to deliver the valedictory. The Latin salutatory is assigned to the member of the class in the course in Arts or the course in Letters, and an honor oration is assigned to the member of the class in the course in Science or the course in Letters and Science, standing respectively next to the valedictorian, provided that the mark attained is at least eighty-seven and a half per cent. of the maximum. From the remaining members of the class three other speakers are ordinarily selected after competition; but the number may be in any year limited to two or increased to four.

The names of all the members of a class are printed on the Commencement programme in the order of their standing for the whole course.

LIBRARY

The Library is open for three hours on each week-day, and the students are allowed free access to the shelves. It contains a valuable collection of nearly 38,000 volumes in the various departments of literature, besides 3,400 duplicates and 24,500 unbound pamphlets. During the last academic year there were added to the library by purchase 246 volumes, by exchange 6 volumes, and by gift from different sources 790 volumes; the net increase of the library for the year was 1,042 volumes. Besides the books consulted in the library, over 1,300 volumes were taken out in the course of the year.

Of the gifts to the Library during the past year, the most valuable were those from the library of the late Hon. D. W. Pardee, LL.D., of the class of 1840, from Dr. C. J. Hoadly, of the class of 1850, the Rev. G. W. Douglas, D.D., of the class of 1871, the United States Government, and the Italian Government. The Library is a designated depository for the publications of the United States Government.

Among the works added by purchase last year the most notable were the *Histoire Littéraire de la France*, the publications of the Palestine Pilgrims' Text Society, additional volumes of the Catalogue of Greek Coins in the British Museum, the *Aruch Completum*, new dictionaries of Swedish, Dutch, old Danish, and Frisian, as far as published, new dictionaries of English Dialects, of English Biography, and of Classical Antiquities; from the Burgess Fund, recent theological publications; and from the Alumni Fund, recently published works in History, Literature, Electricity, and Magnetism.

The funds for the increase of the Library are as follows:

The Burgess Fund, founded in 1843 by a gift of \$500 from the Rev. George Burgess of Hartford, afterward Bishop of Maine.

The Elton Fund, founded in 1854 by a gift of \$5,000 from John P. Elton, Esq., of Waterbury.

The Sheffield Fund, founded in 1856 by a gift of \$5,000 from Joseph E. Sheffield, Esq., of New Haven.

The Peters Fund, founded in 1858 by a legacy of \$2,000 from the Hon. John S. Peters, LL.D., of Hebron.

The Alumni Fund, founded in 1859 by subscriptions from the Alumni, and now amounting to about \$3,300.

The Athenæum Fund, founded in 1860 by a gift of \$300 from the Athenæum Literary Society.

The Northam Fund, founded in 1857 by a legacy of \$12,000 from Charles H. Northam, Esq., of Hartford.

A reading-room for current newspapers and periodicals is maintained by the students.

The Watkinson Library, a valuable collection of books for reference, containing more than 46,000 volumes, the Library of the Connecticut Historical Society, and the Hartford Public Library, together with its well-stocked reading-rooms, are also accessible to the students.

CABINET

The College possesses valuable collections in Botany, Zoölogy, Geology, and Mineralogy, which are displayed in a hall specially arranged for that purpose.

Instruction in Geology is aided by a complete suite of Ward's casts of celebrated fossils, and by a series of carefully selected actual fossils, representing characteristic forms in each geological period, from the earliest Silurian to the Tertiary. Students are also referred to a suite of typical rocks of the State of New York, a series of rocks arranged both lithologically and stratigraphically, and a number of geological and relief maps.

Instruction in Natural History is aided by a valuable collection of mounted skeletons of modern animals, by Blaschka's glass models of invertebrata, and by a collection of typical specimens of invertebrata in alcohol.

The cabinet is open every week-day.

OBSERVATORY

The Observatory was erected on the College campus in 1883, and is furnished with sufficient apparatus for elementary work in practical Astronomy. Recently the equipment has been greatly improved, and it now comprises a six and a half inch refractor by Brashear, mounted by Warner and Swasey ; a two and a half inch transit, the gift of Dr. and Miss St. John of Hartford ; a standard clock by the Howards of Boston ; and a chronograph by Saegmüller.

There are also in the observatory a smaller refractor, a portable transit, a sextant, and conveniences for the simpler work in astronomical photography.

JARVIS LABORATORIES

The Jarvis Laboratories, devoted to the departments of Physics and Chemistry, are in a spacious building on the south campus, the gift of the late George A. Jarvis, Esq.

For the department of Physics there are, besides the lecture-room and general laboratory, several rooms prepared for special work in light and electricity, together with a workshop and dynamo and engine-room. The physical laboratory is thoroughly equipped for courses in practical work in the various branches of physics. Special attention has, however, been given in the arrangement and equipment of the laboratory, to making the facilities for work in electricity as complete as possible; and the department is furnished with the necessary apparatus for a thorough course in practical electrical measurements, and has a dynamo and engine for its special use.

The Chemical department is provided with a lecture-room and necessary laboratories. It is well equipped for work in general experimental and organic chemistry, in qualitative and quantitative analysis, and in assaying and gas-analysis.

EXPENSES

The amount of the Treasurer's bills each year is as follows :

Tuition,	\$100.00
Room-rent for each person,	from \$100 to	35.00
Incidentals,	30.00
Heat,	12.50
Total,	from \$242.50 to	\$177.50

Board can be obtained at \$3.50 a week and upward, making the cost for thirty-seven weeks, at the lowest rate, \$129.50. To this must be added laundry charges, together with the expense of books, furniture, clothing, and travel, which varies according to the taste and habits of the student, and of which no estimate can be given.

For the use of the Chemical Laboratory a fixed charge is made of \$10 each term; and students are further required to pay for breakages, to cover which charge a deposit of \$5 must be

made with the Treasurer of the College. For the use of the Physical Laboratory a fixed charge is made of \$5 each term; and students are further charged for all apparatus broken or injured while in their care.

The College bills are due at the beginning of each term, and should be settled at the Treasurer's office, No. 39 Pearl Street, on the arrival of the student; if not so paid, an additional charge of five per cent. is made for each term's delay. All checks and drafts are to be made payable to the order of Charles E. Graves, Treasurer.

By vote of the Trustees, the Treasurer, with the approval of the President, is authorized to exclude from recitations students who neglect to pay their College bills when due.

Students admitted to advanced classes, except those from other Colleges, are required to pay \$12 for each term of their advancement. This charge is sometimes remitted.

No student can receive his degree or an honorable dismissal until the Treasurer certifies that all his College bills are paid, and that, so far as the Treasurer knows, there are no lawful claims against him for board or washing.

ROOMS

Most of the rooms in the College buildings are so arranged as to provide that two students rooming together have a common study and separate bedrooms. All the rooms are heated by steam, and ventilation is secured by open fireplaces.

All students are required to reside in the College buildings unless they have special permission from the President to room elsewhere.

SCHOLARSHIPS

The amount of the Treasurer's bills can be considerably reduced to holders of scholarships. The income of these scholarships, which are of different values, is placed to the credit of students of limited means, and serves to meet the charges for tuition and room-rent in whole or in part. A list of the scholarships is

given at page 62 of this Catalogue. Other funds are sometimes placed at the disposal of the President for the assistance of students in special emergencies.

For holders of those scholarships which remit the entire charges for tuition and room-rent, the Treasurer's bills are reduced to \$42.50; and the necessary expenses of such students, including board and other personal items, do not exceed \$250 or \$300 a year.

Application for any scholarship should be made in writing to the President by the parent or guardian, at or before the beginning of the term in which the student intends to enter.

The Trustees have voted that all appointments to scholarships shall be made for one year, and that scholarships shall be forfeitable for serious misconduct or serious deficiency in College work.

Students can be provided to some extent with text-books by means of a free lending library established for that purpose, which is under the charge of the Professor of Greek. This library has been endowed with \$500 from the legacy of the late Rev. J. G. Jacocks, of the class of 1847.

GYMNASIUM

The Gymnasium and the field of the Athletic Association provide opportunities for physical exercise, which are offered to all the students free of charge. The main hall of the gymnasium building is amply supplied with the best modern apparatus, in the use of which the students are trained by a special instructor. A padded running-track is laid on the floor of a gallery surrounding the main hall. In the basement are bowling-alleys, lockers, shower-baths, etc. The Freshmen and the Sophomores are required to attend gymnasium practice two hours in each week for about half of the College year; and class instruction is also given throughout the year to such other students as desire it. A few years ago the field for out-of-door sports was enclosed, regraded, and put in excellent condition, and a structure affording accommodation for three hundred spectators was erected, at a total expense of about \$3,400, of which \$1,000 was appropriated by the Trustees and the remainder contributed by alumni and other friends of the College.

FELLOWSHIP

THE H. E. RUSSELL FELLOWSHIP, recently endowed by a legacy of \$10,000 from Henry E. Russell, Esq., of New York, yields an annual income of about four hundred dollars. It is awarded biennially, by vote of the Faculty, to a member of the graduating class who gives evidence of superior ability, and who engages to pursue an approved course of non-professional graduate study at Trinity College or at some foreign university. The incumbent holds the Fellowship for two years.

RUSSELL FELLOW

Class of 1896

Frederick MacDonald Goddard, B.A.

PRIZES

TUTTLE PRIZE

THE TUTTLE PRIZE OF TWENTY-FIVE DOLLARS was founded in 1859 by the late Miles A. Tuttle, Esq., of Hartford. It will be awarded to the member of the Senior Class who shall write the best essay on "*The Principle and Operation of Sumptuary Laws.*" The essays must be submitted to the President on or before the 5th of May, 1898. No award will be made except for distinguished merit.

TUTTLE PRIZE ESSAYISTS SINCE 1882

- | | | |
|------|--|------------------------|
| 1883 | "The Respective Provinces of Thought and Imagination " | EDWARD STEVENS BEACH |

1897	"Newspaper Men in the French Revolution"	PERCIVAL MATSON WOOD

CHEMICAL PRIZES

Established in 1868

A PRIZE OF THIRTY DOLLARS will be awarded to that member of the Junior Class who shall write the best thesis on "*Arsenic, a Poison*"; and a prize of twenty dollars will be awarded to that member of the class who shall write the second best thesis on the same subject. The theses must be submitted to the Professor of Chemistry on or before the 4th of May, 1898. No award will be made except for distinguished merit.

1897	"Steel"	WOOLSEY McALPINE JOHNSON
	<i>Second Prize</i>	DANIEL HUGH VERDER

PRIZE VERSION DECLAMATION

A PRIZE, first offered in 1863, will be awarded on the following conditions :

There must be six competitors, two from the Senior Class, two from the Juniors, and two from the Sophomores. The two members of each class whose rank is highest in the studies of the preceding year in the department of English will be appointed competitors. Passages from Latin authors, distributed by lot and then translated into English and submitted to the Professor of Latin and the Professor of English, will be pronounced in public on the 26th of May, 1898, in the presence of a committee of award on the delivery. The merits of the version as a translation and as an English composition, together with the merits of the delivery as a declamation, will have equal weight in determining the award of the prize.

The prize-man of the year, if he be still a member of the College, will receive an appointment to pronounce an original version at the Prize Declamation of the following year, without being a candidate for the prize.

PRIZE-MEN SINCE 1882

1883	Hiram Benjamin Loomis	1891	William Eugene Conklin
1884	Frank Wood Richardson	1892	Frederick Foote Johnson
1885	William Dennison McCrackan	1893	Robert Peck Bates
1886	Louis LeGrand Benedict	1894	Walter Stanley Schütz
1887	Willard Scudder	1895	David Willard
1888	Renel Crompton Tuttle	1896	William Curtis White
1889	Francis Goodwin Williams	1897	Alexander Pratt, Jr.
1890	John Williams		

MATHEMATICAL PRIZE

A PRIZE OF TWENTY DOLLARS, first offered in 1871, will be awarded to that member of the Freshman Class who shall sustain the best examination in *Plane Trigonometry*. The examination will be held on the 14th of May, 1898.

PRIZE-MEN SINCE 1882

1883	{ Hermann Lillienthal	1890	William Eugene Conklin
	{ George Emerson Beers	1891	James Birkhead Birkhead
1884	George Washington Rodgers	1892	Edward Myron Yeomans
1885	Henry Marvin Belden	1893	Charles Collins

1886 Andrew Ellicott Douglass

HOLLAND PRIZE SCHOLARSHIPS

THE HOLLAND SCHOLARSHIPS, three in number, each having the probable annual value of \$600, were endowed in 1890 by the legacy of Mrs. Frances J. Holland of Hartford, in memory of her husband, the late Thomas Holland, Esq. It is provided in Mrs. Holland's will that the Faculty of the College shall each year designate the students who shall hold these Scholarships, under such rules and regulations as they shall from time to time prescribe.

These Scholarships will be awarded for the Academic year 1898-99 to the students attaining, during the present year, the highest stand in the Junior, Sophomore, and Freshman Classes, respectively.

HOLLAND SCHOLARS

In the Class of 1893-	William French Collins
	William Bowle
In the Class of 1895	Edward Myron Yeomans
	Jonathan Maybaw Wainwright
In the Class of 1896	Robert William Curtis
	Charles Hubbell Street
In the Class of 1897	Hermann vonWechlinger Schulte (twice)
In the Class of 1898	Albert Morey Sturtevant (twice)
	Wooley McAlpine Johnson
In the Class of 1899	Harold Loomis Cleasby
	Charles William Henry
In the Class of 1900	Denison Richmond

HARTFORD ADMITTITUR PRIZE

A PRIZE OF FIFTY DOLLARS is offered to the student from the city of Hartford who shall pass the best examination for admission to the next Freshman Class. No award will be made unless the work offered is excellent.

PRIZE-MEN

In the Class of 1895	Phillip James McCook
In the Class of 1896	James Walter Gunning
In the Class of 1897	George Sheldon McCook
In the Class of 1898	Woolsey McAlpine Johnson
In the Class of 1899	William Alfred Warner
In the Class of 1900	[Not awarded]
In the Class of 1901	Francis Raymond Sturtevant

PRIZES IN MODERN LANGUAGES

TWO PRIZES, one of fifteen dollars and one of ten dollars, offered by the Class of 1885 in memory of deceased classmates, will be awarded to the members of the Senior Class who attain the highest standing in the department of Modern Languages for the entire College course. Candidates for these prizes must have taken at least three courses in the department, including at least one course in French and one course in German.

*First Prize**Second Prize*

	1893 Ellis Bedell Dean	
1894 James Birkhead Birkhead		Walter Stanley Schütz
1895 Phillip James McCook		Charles DuBois Boughton

ALUMNI PRIZES IN ENGLISH COMPOSITION

FIVE PRIZES, of ten dollars each, from the income of a fund contributed by the Alumni, will be awarded to those members of the Senior and Junior Classes who attain the highest mark in Theme-writing during Christmas Term; provided that not more than three prizes will be awarded in either class. The prize-men will also receive appointments to compete for the Whitlock Prizes, mentioned below.

The subjects assigned for the Themes are as follows :

- I.
 1. Imaginary Commonwealths.
 2. Alexander Pope and the Early Eighteenth Century.
 3. Effects of Labor-saving Machines on Society and on the Worker.
- II.
 1. Shakspeare's *Measure for Measure*.
 2. The Sensational Novel (with reference to *The Christian*).
 3. Shakspeare's Sonnets.
 4. Ought the Government to Own or Control the Telegraph?

FRANK W. WHITLOCK PRIZES

THESE PRIZES, of thirty and twenty dollars respectively, were founded by a legacy of Mrs. Lucy C. Whitlock of Great Barrington, Mass., and by her direction bear the name of her son, a graduate in the Class of 1870. The five students to whom have been awarded the Alumni Prizes in English Composition will deliver their prize themes in public in competition for the Whitlock Prizes on the 22d day of February, 1898; and in determining the award regard will be had to both composition and delivery.

ORATORICAL PRIZE-MEN SINCE 1892

As these newly offered prizes have taken the place of the Oratorical Prizes first offered by the Athenæum and Parthenon Literary Societies in 1870, and continued by the students until 1896, a list of prize-men since 1882 is added.

First Prize

1883 [Not awarded]
 1884 Charles McLean Andrews
 1885 William Denison McCrackan
 1886 Louis LeGrand Benedict
 1887 George Safford Waters
 1888 Frederick Ferdinand Kramer
 1889 Lucian Waterman Rogers
 1890 George Newell Hamlin
 1891 Isaac Wayne Hughes
 1892 Frederick Bradford Cole
 1893 [Not awarded]
 1894 [Not awarded]
 1895 Walton Stontenburgh Danker
 1896 [Not awarded]
 1897 William Curtis White

Second Prize

[Not awarded]
 Edward Sims VanZile
 William Agur Beardsley
 Henry Reading Heydecker
 Godfrey Malbone Brinley
 Edward McPherson McCook
 Theodore Payne Thurston
 Edward McPherson McCook
 John Fields Plumb
 Romilly Francis Humphries

 John Robert Benton

DOUGLAS PRIZE

THE REV. George William Douglas, D.D., of the Class of 1871, offers a Prize of fifty dollars to that student who shall write the best essay on "*Home-Rule in our Cities.*" The essays must be submitted to the President on or before the 6th of May, 1898.

PRIZE-MEN

1895	"Grants to Sectarian Institutions"	Paul Tyler Custer
1896	"The Monroe Doctrine"	Charles Hubbell Street
1897	"Gold and Silver Standards"	William Curtis White

METAPHYSICAL PRIZE

A PRIZE OF FIFTY DOLLARS, the gift of Miss Mary Rhinelander King, of Great Neck, N. Y., will be awarded to that member of the Senior Class who shall write the best essay on "*Hume's Doctrine of Causation.*" The essays must be submitted to the President on or before the 6th of May, 1898.

PRIZE-MEN

1896	John Curtis Underwood
1897	John Robert Benton

MACKAY-SMITH PRIZES

These prizes, of thirty and twenty dollars, are offered by the Rev. Alexander Mackay-Smith, D.D., of the Class of 1873. They will be awarded to the students passing the best and the second best examinations in the solution of Problems in Analytic Geometry. The examination will be held on the 14th of May, 1898. No prize will be awarded except for distinguished excellence.

PRIZE-MEN

<i>First Prize</i>	<i>Second Prize</i>
1896 John Robert Benton	March Frederick Chase

DEGREES CONFERRED IN 1897

The following Degrees, having been voted by the Corporation at their annual meeting held on the 23d day of June, 1897, were duly conferred at the public Commencement on the following day.

BACHELOR OF ARTS IN COURSE

With honors in Chemistry, in Hebrew, and in Modern Languages

✓ William Curtis White

With honors in Chemistry and in Latin

✓ Hermann von Wechlinger Schulte

With honors in Modern Languages

✓ George Sheldon McCook

✓ Carl Gottlob Ziegler

With honors in German

✓ Herbert Thomas Sherriff

With honors in Hebrew

✓ Percival Matson Wood

✓ Henry Woodward Allen

✓ George Edward Cogswell

✓ Walton Stoutenburgh Danker

✓ Joseph Devine Flynn

✓ Henry John Gundacker

✓ Harry Woodford Hayward

✓ Archibald Morrison Langford

✓ Herbert Bickford Pulsifer

✓ William Albert Sparks

✓ Robert Sythoff Starr

✓ William Taylor Walker

BACHELOR OF SCIENCE IN COURSE

With honors in Chemistry, in Physics, in Mathematics, and in Modern Languages,

✓ John Robert Benton

With honors in Chemistry and in Mathematics

✓ March Frederick Chase

With honors in Chemistry and in Physics

✓ Edward Delavan Nelson Schulte

✓ Edgar Charles Beecroft

✓ Henry Grinnell

✓ Jairus Alpheus Moore

✓ John Henry Page, Jr.

✓ Alexander John Williams (of the Class of 1896)

NOTE.—In the Catalogue for the year 1896-97, on page 59, the name of Francis Homer Hastings should have been inserted as receiving the degree of Bachelor of Science in course on the Commencement-day in 1896.

MASTER OF ARTS IN COURSE

Of the Class of 1856

Edwin Rhodes Gardiner

Of the Class of 1884

The Rev. Frederick Dashiels Buckley

Of the Class of 1892

Hugh Kidder, M.D.

Of the Class of 1893

Lawson Averell Carter, LL.B.

Of the Class of 1894

The Rev. Louis Isaac Belden

Shirley Carter, LL.B.

The Rev. Cameron Josiah Davis

John Warren Edgerton, M.A. Yale

Richard Stayner Graves

The Rev. Frederick Foote Johnson

Palmer Bennett Morrison

The Rev. Robert Lewis Paddock

The Rev. Nathan Tolles Pratt

Walter Stanley Schütz

William Welsh Vibbert

Charles Frederick Weed

DOCTOR OF LAWS HONORIS CAUSA

✓ CHARLES RAY KING, Columbia College 1831, M.D. University of Pennsylvania, Andalusia, Pa.

DOCTOR OF DIVINITY HONORIS CAUSA

✓ The Rev. CHAUNCEY BUNCE BREWSTER, Yale College 1868, M.A. Yale, Bishop Coadjutor elect of the Diocese of Connecticut

The Rev. EDWARD GOODRIDGE, of the Class of 1860, M.A., Rector of Christ Church, Exeter, N.H.

The Rev. STORRS OZIAS SEYMOUR, Yale College 1857, M.A. Yale and Trinity, Rector of St. Michael's Church, Litchfield, Ct.

LIST OF SCHOLARSHIPS

NOTE.—For information as to the conditions of scholarships, or for further particulars in regard to them, application should be made to the President of the College (see page 46).

TOUCEY PRIZE SCHOLARSHIPS

These are three in number, and were founded in 1868 by the Hon. Isaac Toucey, LL.D. They are assigned, after a competitive examination, in accordance with the terms of Dr. Toucey's will, to "students obtaining an education with a view to the Sacred Ministry and needing assistance." The appointment is usually made at the close of the first term of Sophomore year. The scholarships have each an annual value of \$200.

SCHOLARSHIPS OF TRINITY CHURCH, NEW YORK

These are five in number, and were founded in 1834 by the Vestry of Trinity Church, New York. They cover the charges for "tuition, room-rent, fuel for recitation-rooms, and other general objects."

WILLIAM ALLEN MATHER SCHOLARSHIP

This was founded in 1864, and endowed by Mrs. Jane C. Mather, of Hartford, in memory of her son, a member of the class of 1866. It covers the charges for "tuition, room-rent, fuel for recitation-rooms, and other general objects."

KIRBY SCHOLARSHIPS

These were founded in 1872, and endowed by a legacy of Miss Harriet Kirby, of Hartford. They have the aggregate value of \$250 a year.

DANIEL GOODWIN SCHOLARSHIPS

These scholarships, founded in 1881 by a bequest from Daniel Goodwin, Esq., of Hartford, are four in number, each yielding to the holder the sum of \$30 a year in payment of college bills. The scholars, one in each class, are nominated from the public schools in Hartford in such manner as the Board of Education or School Visitors of the Town appoint.

RIPLEY SCHOLARSHIP

This was founded in 1887, and yields the interest on a bequest of \$3,000 from Miss M. Louise Ripley, of Hartford.

LEMUEL J. CURTIS SCHOLARSHIP

This scholarship was founded in 1888 by the legacy of Lemuel J. Curtis, Esq., of Meriden, Conn., and the funds are held by a trustee appointed under the terms of the legacy. The annual value at present is about \$300.

HOLLAND PRIZE SCHOLARSHIPS

In the year 1890, by the legacy of Mrs. Frances J. Holland, daughter of the Rt. Rev. Dr. Brownell, Founder and first President of the College, the sum of \$50,000 was bequeathed to the College for the endowment of three scholarships in memory of her husband, the late Thomas Holland, Esq.

GREGOR SCHOLARSHIPS

Through a bequest of \$15,000, made in 1856 by Mrs. Sarah Gregor, of Norwalk, Conn., the College is enabled to remit the fees for tuition (\$100 a year) to a certain number of necessitous students.

WATERMAN SCHOLARSHIPS

These were endowed by a legacy of General N. M. Waterman, of Hartford, which became available in 1894. They have the aggregate value of \$250 a year.

PARDEE SCHOLARSHIP

This was founded in 1897 by the gift of \$5,000 from Miss Cora U. Pardee, of Hartford, in memory of her brother, the late Judge Dwight Whitfield Pardee, LL.D., of the class of 1840, for twenty-one years a Trustee of the College.

HORATIO N. LAKE SCHOLARSHIP

This scholarship has been recently founded by the avails of a legacy amounting to about \$8,500 from the late Horatio N. Lake, Esq., of Bethlehem, Conn.

THE SCHOLARSHIP OF ST. PAUL'S CHURCH, TROY, N. Y., yielding \$60 a year, was founded in 1830 by members of the parish whose name it bears.

THE HEARTT SCHOLARSHIP, yielding \$60 a year, was founded in 1830, and endowed by Philip Heartt, Esq., of Troy, N. Y.

THE THOMAS BACKUS SCHOLARSHIP was founded in 1837 by the Rev. Stephen Jewett, M.A., of New Haven, Conn. It yields no available income at present.

THE SCHOLARSHIP OF CHRIST CHURCH, HARTFORD, was founded in 1839 by J. Smyth Rogers, M.D., Professor of Chemistry ; and in 1845 the endowment was increased so that it has the annual value of \$60.

THE BURHANS SCHOLARSHIP, yielding \$60 a year, was founded by a legacy of the Rev. Daniel Burhans, D.D., which became available in 1873.

A SCHOLARSHIP is partly endowed by the Philadelphia Alumni Association, the income of which will become available when the endowment is completed.

The following Scholarships for the remission of fees for tuition were founded in 1844 and 1845 :

SCOVILL SCHOLARSHIP, founded by William H. Scovill, Esq., of Waterbury, Conn.

SCOVILL SCHOLARSHIP, founded by J. M. L. Scovill, Esq., of Waterbury, Conn.

ELTON SCHOLARSHIP, founded by John P. Elton, Esq., of Waterbury, Conn.

ST. JOHN'S, WATERBURY, SCHOLARSHIP, founded by Parishioners of St. John's Church, Waterbury, Conn.

TRINITY CHURCH, NEW HAVEN, SCHOLARSHIP, founded by Parishioners of Trinity Church, New Haven, Conn.

ST. PAUL'S, NEW HAVEN, SCHOLARSHIP, founded by Parishioners of St. Paul's Church, New Haven, Conn.

LAKE SCHOLARSHIP, founded by Benjamin T. Lake, Esq., of Bethlehem, Conn.

HALLAM SCHOLARSHIP, founded by the Rev. Robert A. Hallam, D.D., of New London, Conn.

ST. JAMES'S, NEW LONDON, SCHOLARSHIP, founded by Parishioners of St. James's Church, New London, Conn.

SHELTON AND SANFORD SCHOLARSHIP, founded by the Shelton and Sanford families of Derby, Conn.

MORGAN SCHOLARSHIP, founded by the Rev. John Morgan, of the class of 1827, of Stratford, Conn.

FOWLER SCHOLARSHIP, founded by the Fowler family, of Northfield, Conn.

CORNELL SCHOLARSHIP, founded by Samuel G. Cornell, Esq., of Greenwich, Conn.

ST. PAUL'S, NORWALK, SCHOLARSHIP, founded by Parishioners of St. Paul's Church, Norwalk, Conn.

TRINITY CHURCH, PORTLAND, SCHOLARSHIP, founded by Parishioners of Trinity Church, Portland, Conn.

SHERMAN SCHOLARSHIP, founded by the Sherman family, of Brookfield, Conn.

BURR SCHOLARSHIP, founded by Miss Sarah Burr, of Hartford.

ST. JOHN'S CHURCH, HARTFORD, SCHOLARSHIP, founded by Parishioners of St. John's Church, Hartford.

FIVE OTHER SCHOLARSHIPS were endowed in the same manner by sundry subscriptions within the State of Connecticut.

SCHOLARSHIPS OF THE CHURCH SCHOLARSHIP SOCIETY

The Church Scholarship Society of the Diocese of Connecticut aids a few students with loans, not exceeding \$100 a year, which are granted only to persons in necessitous circumstances preparing for Holy Orders and sustaining a correct deportment as communicants.

SCHOLARSHIPS OF THE SOCIETY FOR THE INCREASE OF THE MINISTRY

This Society holds certain funds, the income of which, under the conditions of the gift, is to be appropriated to young men, scholars of the Society, studying at Trinity College; and it is also able to grant other scholarships.
